Rock the Country

SARA PHILLIPS

The Look

The Sara Phillips 2010 Spring/Summer Collection saw a little bit of country with a little bit of rock'n'roll. Lace and frills, tan suede jackets and skirts, fine pleating, printed high waist bikinis, manhattan skyline print and black socks with chunky pointy open shoes all came together to complete the collection.

CND's Finishing Touch

Natural nails perfectly complemented bare faces at Sara Phillips. Models were painted in the latest nude staple - CND Putty - which acts like a concealer for the nails, creating the illusion of flawless, elongated fingers.
